The map displays a detailed cadastral plan of a forested area. It features numerous small parcels, each identified by a unique number. The parcels are outlined in black, and some are highlighted in green or red to indicate specific boundaries or zones. The map is divided into several sections, each labeled with a code: P1a, P2a, P7.01, P4a, and P7.02. These sections are separated by red lines. The map also shows various geographical features, including roads, rivers, and forests. The names of several locations are visible, such as Chestacher, Hofen, and Chinachra. A north arrow is located in the bottom right corner, pointing towards the top of the map. The map is a technical drawing, likely a computer-generated output from a GIS system.
